EXPERIENCE

FEB 2016 – AUG 2018

TATA CONSULTANCY SERVICES

Senior UI DEVELOPER

During my Work Experience as an UI developer i have worked with clients like CITI BANK and GE and have closely worked with them to design , enhance and deliver their mobile and Web application . Besides this i was a part of the Wireframing and User Experience Research team.

DEC 2018 – FEB 2019

MICROMEDIA

FRONT- END DESIGNER

During my Masters Program i worked as a part-time Employee for this organization in Dublin. I was responsible to design an application. They dealt in making Digital Advertising pages for their clients which were displayed on digital Signboard. The project i was working was used to monitor these pages and keep track of the projects being delivered to the client.

I was responsible to work to build this application in 3 months. During this timeframe I did the designing and developing of this application.
